DETAILED ACTION

Status Of Claims

1. This Office Action is in response to an amendment received 5/17/2007 in which Applicant lists claims 2-3, 5, 7-8 and 10 as being cancelled, claims 11 and 12 as being previously presented, claims 1, 4, 6 and 9 as being currently amended, and claims 13-16 as being new. It is interpreted by the examiner that claims 1, 4, 6, 9 and 11-16 are pending.

Specification

2. The preliminary amendments to the specification dated 9/16/2005 are acknowledged. The objections to the specification cited in the office action mailed 2/8/2007 are hereby withdrawn.

Claim Objections

3. The amendments to the claims dated 5/17/2007 are accepted. The objections to the claims cited in the office action mailed 2/8/2007 are hereby withdrawn.

Allowable Subject Matter

4. Claims 1, 4, 6, 9 and 11-16 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Claims 1 and 6 are allowable over the cited art of record for at least the reason that the cited art of record fails to teach or reasonably suggest a wavelength filter or a wavelength monitor having a wavelength filter wherein the predetermined angle is set so that absolute value of a sum of (i) a product of (a) difference between linear expansion coefficients of the birefringent material and the supporting member and (b) refractive index of the birefringent material, (ii) thermo-optical coefficient of the birefringent material, and (iii) change of refractive index due to a thermal strain between the supporting member and the birefringent material is minimized, as generally set forth in claims 1 and 6, the device including, in combination with the features recited in claims 1 and 6. Claims 4, 9 and 11-16 depend from claims 1 and 6 and are therefore allowable for at least the same reasons as claims 1 and 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

6. Applicant's arguments, see pages 6-8, filed 5/17/2007, with respect to the rejections made in view of 35 USC 112 second paragraph have been fully considered and are persuasive. The rejections of the claims have been withdrawn.
